
CERTIFICATE PROGRAMS SUBCOMMITTEE

The charge of the Certificate Programs Subcommittee is to:

- To develop, oversee, and continuously enhance a series of comprehensive certificate programs focused on clinical endocrinology for members of the endocrine patient care team.
- We are open to all applicants yet do prefer those who have demonstrated experience in creating continuing professional development/CME/CE for healthcare professionals and a passion to help grow AAACE's education portfolio.
- The subcommittee members will serve as section leaders for different disease states:
 - Obesity and Weight Loss
 - Diabetes Technology
 - Bone/Osteoporosis
 - Inpatient Diabetes
 - Lipids/Dyslipidemia
